

New Welcome and Connection Team

The Welcome and Connection Team is forming to implement the ideas from the FCJ Guest Integration Team's plan that was affirmed by church council in June. The call-out on July 19th was very well attended and led to excellent discussion about how we will use new ideas to enhance and deepen the warm welcome our greeters, ushers, and others provide to visitors.

Some of the initial areas of focus will be:

- Offering a monthly lunch for newcomers to get better acquainted with our church
- Building up a team of connectors and shepherds to guide, contact, and support visitors and new members
- Reimagining the narthex layout with a visitor perspective in mind

Many people will be needed for this team working in different capacities. If you have a passion for welcoming and connecting newcomers please contact Karen Hull at karenhull@fumcwl.org.
