Mandate from Fruitful Congregation Process.
From the West Lafayette First United Methodist Church Consultation Report October 16th, 2014

**DEVELOP AN EFFECTIVE LEADERSHIP SYSTEM**

“The team will explore streamlined administration models that support the following functions:
- Governance Board – role is policy and accountability
- Pastor – role is leading via the vision
- Staff (paid and unpaid) – role is managing
- Members – role is ministering”

**Executive Summary**

It is the position of this team that FUMCWL convert from the current leadership structure to one that is based on a single council model. This model has proven success in other United Methodist Churches and has been endorsed by the Bishop and the Cabinet. Key components are:

- A Governance Board to provide Directional Leadership
- Senior Pastor
- A Church Administrator to manager all operations of the Church under the direction of the Governance Board and the Senior Pastor

We believe that the new model will improve the effectiveness of FUMC in achieving its mission and goals by:

- Making path to mission work clear
- Streamlining administrative task to make more time for ministry tasks
- Provide clear reporting structure so that decisions can be made quickly
Process the Team Followed

The Streamlined team went through a lengthy process to arrive at our decision.

This included:

- Reading the book Winning on Purpose by John Edmund Kaiser
- Determining how to best implement the book in a connectional Church model
- Telephone conference with two Churches that have adopted a Streamlined model, Southport and Dayton
- Visited Southport Church and met with Sr. Pastor and Board Representative
  - Reported on success of their new structure
  - Talked about issues related to converting to new structure
    - Primary issue was Board disagreement over roles –
    - Need to be clear that board is governance not operational
